Mayor Soliman presented the minutes from the regular meeting held on September 18, 2023 for Council approval per the memo dated October 2, 2023.

(#2) Motion by Alderman Jefferson seconded by Alderwoman Gazal, to approve the minutes from the regular meeting held on September 18, 2023 per the memo dated October 2, 2023.

On roll call, the vote was:

AYES: Ald. Vershay, Jefferson, Gazal, Oberlin, Cipiti, Albert, Kubal, Dyke.

NAYES: None.

ABSENT: None.

There being eight (8) affirmative votes, the MOTION CARRIED.

Alderwoman Gazal commented that she sent an email to City Clerk Christine Vershay-Hall and Deputy Clerk Karen Kozerka and did receive a response from Karen but wants to understand why the reason the minutes are not done is because of the attorney. Clerk Vershay-Hall commented that they went back and corrected one set of minutes, then we had another set we let the attorney review. City Attorney Mike Stiff commented that he can speak to that. Attorney Stiff commented that there were a couple of changes that were requested for the minutes from the 25<sup>th</sup> which were requests of changes from Alderwoman Gazal and Alderperson Oberlin. The request from Alderperson Oberlin was the audio where the mayor discussed which rooms had been soundproofed. The audio recording was given to Attorney Stiff to review and he believes the minutes were actually accurate and the mayor's information was wrong. Attorney Stiff recommended rather than changing the minutes let the record be corrected tonight and then the next meeting the changes Alderperson Oberlin requested can be approved with a parenthetical stating that the record was corrected at the October 2, 2023 meeting. He stated that way if you looked at the 25<sup>th</sup> minutes and tonight's minutes, which would have the corrected record, between the two of them the actual corrections would be made.

Alderwoman Gazal stated that the minutes she was talking about are the minutes from September 25, 2023 work session. She commented that the minutes he is talking about are September 18<sup>th</sup>, 2023 and we have them tonight. Attorney Stiff commented that he thought Alderwoman Gazal was talking about the ones that he just talked about.

Clerk Christine Vershay-Hall commented that between these minutes, the ones she had to correct, and the Plan Commission minutes done for the work session, so we can do the approval tonight for Reza Auto Repair and working the window she is still in the process of doing the September 25, 2023 minutes. She commented that the September 25, 2023 minutes will be on the next meeting.

Alderwoman Gazal said she doesn't understand what is going on and why the Council is not getting the minutes and it sounds like she is picking on the minutes, but she is not. She commented that it is hard to come to a City Council meeting where we have an agenda, we must approve but we don't have minutes to have from the last meeting. Alderwoman Gazal asked if we could investigate software for the minutes where it would transcribe. Clerk Vershay-Hall commented that we can look at that, but it is very costly. Alderwoman Gazal commented that we need the minutes to show the residents what the Council discussed at the work session, or do we need to explain to the residents now what we discussed. Clerk Vershay-Hall commented that she was working her hardest on getting them done since she must do more detail with them. Alderwoman Gazal asked if Karen could do the minutes because back in the day Karen used to do the minutes. Clerk Vershay-Hall stated that Karen doesn't do the minutes, she only does the executive session minutes and Sam, who replaced

Laurie, does all the other minutes. Clerk Vershay-Hall commented that Karen only does executive session minutes because Sam cannot listen to those minutes.

Alderwoman Gazal commented that maybe we should look at the software so we can make everyone's life and have the minutes on time. Clerk Vershay-Hall commented that she will have IT look for software.

CITY ADMINISTRATOR: Interim Management Consultant Steve Gulden apologized and asked for his item which was the request to Approve the Creation of a New Position: Communication Specialist, to be removed from the agenda. Steve commented that he has been waiting for an answer from the replacement attorneys at the Addison Law Firm, but they were focusing on another issue that will be discussed in the executive session and we were not able to discuss the Civil Service question.

Alderwoman Gazal asked to create a new position does it have to be civil service. Steve commented that we are looking for an opinion on this issue.

CITY CLERK: There were no agenda items for discussion.

CITY TREASURER: Finance Director Lisa Banovetz commented that the city will be asking for approval for the annual tax levy as presented at the September 25, 2023 work session. Director Banovetz commented as Alderwoman Gazal did state the minutes are not in the packet so she will give a summary of what was discussed at the work session and will open it up for anyone who has any questions.

Director Banovetz explained that 2023 is a quadrennial year for Will County, which means the Illinois State Statute requires every parcel in Will County to receive a revised assessment notice regardless of whether the property has changed or not. She commented that this assessment showed the prior year's assessment, the township assessment, and Will County's final tax assessment after any multipliers are applied. This assessment is based on three years of adjusted valid sales of homes. The 2023 values are based on adjusted sales from 2022, 2021 and 2020. She commented that she wanted to mention this since people in Will County have seen their tax bill increase, which has nothing to do with the City of Crest Hill.

Since we are a non-home ruled community, it is entitled to levy, the lesser of 5% or Consumer Property Index (CPI) over the previous year's extension. She commented that CPI as of December 2022 was 6.5%, which means the city can levy under 5% of what it received last year.

She discussed that there is no need for a Truth in Taxation Hearing since the city did not levy over CPI or 5%. The total amount the city is requesting is \$2,589,000.00, which is under 5%. She commented that 50% will go to the General Fund and the other 50% will go to the Police Pension Fund.

Director Banovetz commented that she feels it is important for any taxpayer to go over their tax bill and see exactly where their money is going and if you did you would see that 60% of the property taxes go to the schools and the city only receives 6.45% of the property taxes. She also stated that of the \$2,589,000.00 that the city receives from the property taxes makes up 15% of the total General Fund revenue that it receives. Most of the money the city receives in the general fund to base operations on comes from sales tax revenue and shared other state income tax revenue that they receive from the state.

Director Banovetz requested to Approve the following 2023 Annual Tax Levy Ordinances:

Approve an Ordinance for the Levy and Assessment of Taxes for the Fiscal Year Beginning May 1, 2024 and Ending April 30, 2025, for the City of Crest Hill, Will County, Illinois per the memo dated October 2, 2023.
